▶ Submitting Digital Files

Use file names that include the magazine title, issue date, and project name. Ads can be submitted via FTP, a file-sharing service such as Dropbox, or an email to the Production Coordinator.

▶ Uploading to FTP

It's important that the file is placed in the proper directory. All uploads should be followed by a confirmation phone call or email to the Production Coordinator.

6. Select your file in the Filename window on the left, and drag it to the magazine folder on the right.

▶ Proofs

If a proof is provided, it must be a SWOP proof created from the supplied digital file. A laserprint is not SWOP-quality and is not color-accurate. If a SWOP proof is not supplied, we are not responsible for variances between the digital file and final reproduction.

Send proofs to:
